3. WHO WE ARE

Wildworks makes landscape theatre. The projects can happen anywhere but in theatre venues- large scale spectacular performances or small intimate artworks that grow out of their locations; quarries, cliffs, harbours, derelict industrial sites, castles, empty department stores... And we work with the people who belong to these places to make the shows. They help us by telling us their stories and memories, and by donating their skills and passions. Narrative is at the centre of our work. We bring the seeds of a story to a site and weave in the strands that tie people and place together.

Our values are :-

Brave

We take calculated risks and make difficult, bold decisions.

Experimental

We create a playground for new ideas, to try new techniques, work with new people and explore impossible conversations. We are prepared for some of these to work and others to fail.

Fluid

We are shapeshifters. No two projects are the same. We are always evolving and adapting to the world around us. We can change direction quickly and without hesitation if we need to.

Human

People are at the heart of everything we do. We are hosts. We tell everyday human stories. We are committed to breaking down barriers to the arts. Everyone's invited.

We use these values to help guide us and to help us make decisions if we're uncertain for both company and artistic pursuits.

We're a team of people with slightly different skills that come together to make theatre projects wherever and whenever we can and with the widest range of people.

As a small team we all muck in. Everyone makes the tea, goes out to get the biscuits, tidies up and tries to fix the printer. Everyone gets a piece of the creative action and everyone has a voice and the power to make a difference to the work that we make and the people we make it for.

The Wildworks salaried team is currently a full time Executive Director and Artistic Director and part time Finance Manager and we are also recruiting for a part time General Manager. The wider Company is made up of freelance multi-disciplined artists. As a registered charity, a Board of Trustees governs Wildworks. The team expands when we're delivering a project (e.g. 50+ freelance creative and production team and 200+ participants).

The artistic programme generally consists of two types of work; shows initiated from an idea from the Artistic Team and work that we have been invited to develop. Although our work is often many years in the making and programming five years ahead is not unheard of, we try not to restrict possibilities for future Wildworks shows. Projects come along all the time and if instinctively it feels like a suitable match (artistically satisfying, good for the Company and rewarding for the individuals involved) – we will be flexible across schedules, scale and locations in order to make an exciting project happen.

4. WHERE WE ARE

We have a studio at Krowji Ltd in Redruth and we spend part of our time here. We also work from home and when we're on a project we work from wherever that might be. We have a flexible working policy that allows for all the other things that we have to manage in our lives i.e. caring for family or health and welfare needs. In 2021 we have plans for projects in Cornwall and at least one outside of Cornwall. This role is a hands-on delivery role and will need to travel with the projects.
